MEMORANDUM FOR: Richard C. Tufaro
The White House

SUBJECT : AP Appeal from CIA Denial of Declassification
of Guatemalan Documents

By way of follow-up to my announcement to the ICRC meeting last week, this is to confirm that the Director of Central Intelligence has instructed that the Guatemalan documents in question be reconsidered. It may be that we will be able to furnish the documents to the AP. Alternatively, we may be able to make brief deletions and furnish the remainder of the documents to the AP and possibly this would satisfy the AP's needs. I am told this review is well advanced and my estimate is that Agency action will be completed this month.
